WINGS

A Special Opportunity for All Pilots

WINGS—An Excellent Way to Gain Proficiency

WINGS is the FAA Pilot Proficiency Award Program, designed to encourage general aviation pilots to continue their training. It provides an opportunity to practice selected maneuvers in a minimum of instruction time. WINGS is an excellent opportunity to re-evaluate your flight proficiency and knowledge.

If You're a Pilot, You're Eligible

WINGS is open to all pilots holding a recreational certificate or higher with a current medical certificate, when required, and operators of ultralight vehicles. After you've logged three hours of dual instruction and attended at least one FAA-sanctioned safety seminar, you will be eligible to receive and wear a distinctive set of WINGS. You will also receive a certificate of completion.

More WINGS to Work for

Each 12 month interval after earning your first set of WINGS, you will be eligible for more WINGS. Each WINGS pin is designed to mark each phase of your additional progress.

WINGS—The Sign of a Safe Pilot

It's a fact—recurrent training makes a difference. Statistics show that pilots who participate in recurrent training programs, such as WINGS, have a much better safety record than pilots who do not.

Earning your WINGS could have a positive impact on your aviation insurance costs. Be sure to inform your insurance agent of your commitment to the WINGS Program.

WORK FOR YOUR WINGS. THEY'RE WORTH A LOT MORE THAN THE TIME IT TAKES TO GET THEM.

Detach & Save

PILOT PROFICIENCY AWARD RECORD

Instructions

1. Complete PILOT INFORMATION section.
2. Fill in appropriate phase under WINGS ELIGIBILITY.
3. Have SAFETY SEMINAR section endorsed by the presiding SPM or ASC.
4. Circle appropriate CATEGORY OF TRAINING.
5. Have your CFI complete the FLIGHT TRAINING section as each hour of training is completed.
6. Present or mail this completed record to your FAA FSDO SPM to apply for your WINGS.
